The Rutgers University–Camden Student Wellness Center is comprised of caring health professionals who value innovation, quality, and efficiency. We strive to meet the evolving needs of a diverse Rutgers community by:

- Providing leadership in college health and serving as a model for providing integrated health services to students, faculty, and staff
- Serving as the university resource for health affairs with expertise in college health, college health-related research, alcohol and other drugs, mental health, public health, and health education
- Influencing the health and well-being of future generations of citizens in New Jersey and beyond.

All students are eligible to be seen at the Student Wellness Center as the fee is included as part of their tuition. This fee supports, medical, psychological, psychiatric, health promotion, and addiction services as well as some laboratory testing ordered at the Student Wellness Center.

There may be some out of pocket costs for students who are not enrolled in the University sponsored Student Health Insurance Plan (labs, immunizations, titers, etc.). Please contact the Student Wellness Center for pricing of these items. Please contact the Student Wellness Center for information on fees.

All fees can be paid at the Student Wellness Center by using debit cards, credit cards, RU Express, check, or cash.
We are staffed by a physician, nurse practitioners, and a nurse. Our primary care services include preventative health care and routine medical care, such as physical exams, women’s health, sexual health, sports medicine, and chronic medical conditions.

Referrals for specialty consultations and care can be made when necessary.
